

# Journey of the Soul: Death and Dying

Thursday, October 12, 2017

7:30 PM

Presented By  
Rev. Simeon Stefanidakis

The wonder of Spiritualism is that it sheds light upon the question of death and dying.

This class will look at death and dying from two different, yet complementing, perspectives:

- Rev. Simeon will briefly discuss the more practical aspects of the death experience, such as what gets us to that portal of life, how we transition from one phase of living to another, and what we can expect upon arriving to Spirit.
- From there, Rev. Simeon will engage in a more esoteric discussion on death and dying. He will look at the basic laws of Nature and Spirit and share insight into how death and dying follow Natural Law. He relies heavily on the esoteric teachings of *The Tibetan*, as channeled through Alice A. Bailey during the 1940's, when the world was ravaged by war and death seemed to be everywhere.
